The name of Abdullah Abdulghani & Bros. (AAB) has been a symbol of Qatari enterprise since 1958, when the company was founded by one of Qatar's pioneering business families.

As Qatar continues to emerge as one of the fastest growing countries in the region and a force to be reckoned with in the international arena, its industrial sector remains the backbone of the economy. AAB Warehouse Solutions is committed to supporting the industries of Qatar through its impressive portfolio of products and services.

AAB Warehouse Solutions' reputation for quality, service and reliability has won the hearts and loyalty of its customers and partners for decades. Its extensive portfolio of products and services from some of the world's leading manufacturers allows AAB Warehouse Solutions to bring in the latest technology to the industrial and construction sector Qatar. AAB Warehouse Solutions' superior After Sales Service assures its customers maximum efficiency and minimum downtime.

While a lot has been achieved, a lot more remains to be done. The national vision for 2030 is propelling Qatar towards a knowledge based economy of the future. The FIFA World Cup 2022 will be the greatest infrastructure and logistics challenge that our country has yet faced.

AAB Warehouse Solutions, C&I Division provides a comprehensive range of warehousing products and proudly fulfills the myriad needs of Qatar's industrial sector. Its products and services are designed to serve its distinct customer segments requiring a high level of technical expertise and offers a highly diversified product mix, as well as superior After Sales Service.
